

# APP · SOUND

**RETRO STAIRS** is a sound pack for the Korg Wavestate and the Korg Wavestate native plugin. Included are *64 Performances* (Set List) which are focussing the unique vintage sound of this synthesizer. It's a treasure trove for retro and lo-fi fans.

It becomes nostalgic with this time travel to the 70s and 80s when even the Korg Wavestation was not born. The basic sound of most of the sounds is slightly dirty, as far as it works with the digital sound generation. Drifting and wobbling are not missing. However, this library is different from the typical LoFi Packs, as it also uses layering, wavesequencing and other benefits of the wavestate.

The presets of Retro Stairs are well playable on the keyboard and can be controlled musically via the modwheel. Most of the Performances are based on two or three Layers. All in all it is a sweet LoFi mixture for time traveling with your Korg instrument.

## CONTENT

- Set List of 64 Performances for the Korg Wavestate and Wavestate native, available as one Set List file
- Categories: Synths, Keys, Strings, Pads, Arpeggiator
- Styles: LoFi, Retro, Pop, Electronica, Ambient, Chill out

## HOW TO INSTALL

You get this product by mail / download link. The ZIP archive contains one folder („AppSound\_Korg\_Wavestate\_RetroStairs): Set List „Retro Stairs by App Sound“ (64 performances).

It's easy to install the sound pack:

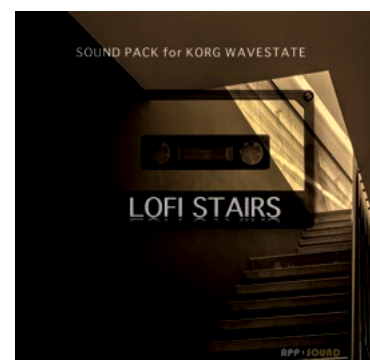

**Hardware:** Launch the the wavestate Editor Librarian. Import the file „Waves of Freedom.*wssetlist*“. Go to UTILITY - System Setup on your Korg Wavestate and select the Set List: Waves of Freedom. Now you are able to play all 64 performances (Bank A-D).

**Plugin:** Select the Librarian (!), go to settings and use the „import“ function. After importing the set list file please go to Filters and select „Set Lists“. Now you are able to play all 64 performances (Bank A-D) of this sound pack.

*Used for creating this sound pack: Korg Wavestate 2.0.1, wavestate Editor Librarian V 1.0.*

Enjoy **Retro Stairs**  
for the Korg Wavestate!
